

# CARD EXCHANGE

**We are a group of people who want to do something against the payment card policy.**

**We think the payment card is a discrimination. We think €50 a month is too little and we think everyone should be able to decide for themselves how they spend their money.**

**We are volunteers who have come together to get involved politically and show solidarity with refugees. We are not a company and we are not an NGO.**

**We are running an exchange. There you can exchange vouchers for cash.**

**People who show solidarity also come to the exchange and pick up vouchers for cash. Then they can go shopping with the vouchers.**

**Nobody makes any money from it. We exchange it 1 for 1. For a voucher for €50 you get €50 in cash.**

**1 Voucher – 1 Person – 50 €**

**We can only exchange vouchers from:  
Aldi, Lidl, Edeka, Rewe, dm**

**We cannot guarantee that you will be able to exchange all vouchers.**
