

CARD EXCHANGE

We are a group of people who want to do something against the payment card policy.

We think the payment card is a discrimination. We think €50 a month is too little and we think everyone should be able to decide for themselves how they spend their money.

We are volunteers who have come together to get involved politically and show solidarity with refugees. We are not a company and we are not an NGO.

We are running an exchange. There you can exchange vouchers for cash.

People who show solidarity also come to the exchange and pick up vouchers for cash. Then they can go shopping with the vouchers.

Nobody makes any money from it. We exchange it 1 for 1. For a voucher for €50 you get €50 in cash.

Important:

Buy the voucher near your accommodation. The use of the payment card is often limited to a small region. If this applies to you, you cannot buy vouchers near the exchange locations!

1 Voucher – 1 Person – 50 €
